Dan, saw the image you sent today. Here are ones Sign Studio sent me, but I would need to confer with ACE program re/ proper verbiage. These would be for the larger signs – not placed on the poles like the current ones installed by the city.

Hi Kerry:

Here are the most popular ones we have but we can change any text/color/size. Let me know what you want and I will send you an actual layout to show everyone.

Thanks!

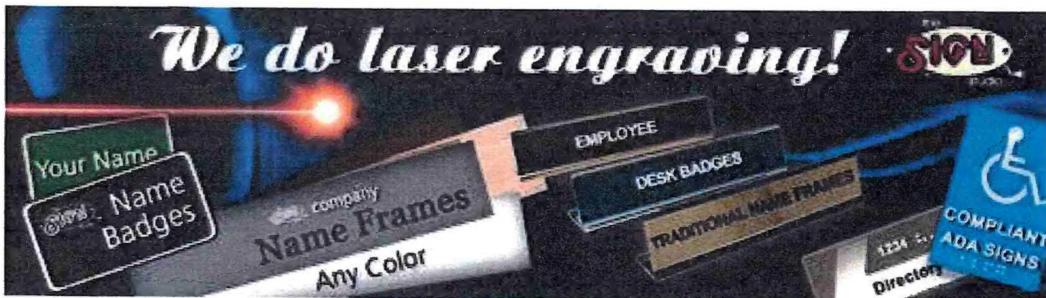

Julie

Hi Julie, we are working on another initiative here in Hollywood to place signs strategically along the Walk of Fame to alert the public that it is illegal to ride skateboards, bicycles and roller skates on the Walk of Fame.

The city already provides rather small signs (I'll get a photo of one tomorrow) but the city attorney would also like us to come up with some larger ones to install strategically, so no one can miss this advisory.

Do you have examples of any your studio has done for other clients?

Kerry
